

WEEKLY CHIPSEAL SCHEDULE

As of September 2nd 2011, the ACHD crews are officially done with the chipseal activities in the Boise area, with the exception of minor manual work being done.

However, crews will be finishing up in the Meridian area applying a fog seal on streets that have been chipsealed in the area from McMillan south to Ustick between Cloverdale and Five Mile as well as Fairview north to Ustick between Cloverdale and Five Mile.

This scheduled work is weather permitting, and is subject to change.

If you have any further questions or comments, please feel free to contact our Maintenance Facility at 208-387-6325.
