In association with:
Civil Survey Consultants, Inc.

Project No. 11962

August 29, 2012

PREFACE

The Kuna Downtown Corridor Plan was developed under the guidance of the Project Management Team (PMT) and Project Advisory Committee (PAC). PMT and PAC members are identified below, along with members of the consultant team. The PMT was responsible for reviewing all work products, providing direction to the project, facilitating the public workshops and open house, and making recommendations to the City of Kuna City Council and Ada County Highway District (ACHD) Commission for consideration of plan adoption. The PMT included representatives from the ACHD, the City of Kuna, the Idaho Transportation Department (ITD), and Valley Regional Transit (VRT). The PAC was responsible for reviewing all work products, providing input and recommendations to the PMT, and participating at the public workshops and open house. The PAC was made up of local citizens, business owners, and local officials. Thank you to the following PMT and PAC members for their instrumental involvement with the development of the Kuna Downtown Corridor Plan.
