CONSTRUCTION SAFETY

Your safety is important! Help keep everyone safe by understanding the dangers of construction zones and the importance of practicing safe behavior.

STAY AWARE. STAY SAFE.

Safety First!

STAY ALERT!
No cell phones, or headphones when walking past a construction zone.

WALK!
Take your time and if necessary get off your skateboard, scooter or bike and walk thru the construction zone.

MAKE EYE CONTACT!
When crossing the street try to make eye contact with construction equipment drivers to make sure they see you.

WATCH OUT!
Watch out for construction equipment.

OBAY!
Follow construction signs and instructions from construction workers.

STAY SAFE!
Do not play in a construction area, around construction equipment or on dirt piles.

SIDEWALK CLOSED
Do not use this sidewalk. Follow the signs to the nearest street crossing.

PEDESTRIAN DETOUR
These signs show you the safe way to walk or bicycle.

ROAD WORK AHEAD
A construction zone is located up the street. Pay attention and be very careful.

ROAD CLOSED
Stay outside the barricade. Do not walk, ride your bike or skateboard on the road.
