HELLO NEIGHBORS!

Thank you for taking the time to learn more about the Collister Dr. Maintenance & Pedestrian Project between W. Quail Ridge Dr. and the cul-de-sac.

The purpose of this information is to give you an opportunity to:

LEARN about upcoming work on Collister Dr. between W. Quail Ridge Dr. and the cul-de-sac.

TELL US what you think.

CONSTRUCTION CURRENTLY PLANNED FOR 2022
PROJECT PURPOSE

Improve the roadway surface

Update pedestrian facilities to current standards
PROJECT DESCRIPTION

Remove existing, deteriorating concrete roadway and replace with asphalt.

Replace the existing curb, gutter and four-foot sidewalk on the east side of the street with **rolled curb and a five-foot sidewalk**, matching the existing back of sidewalk.

This is a Federal Aid Project.
MINIMAL IMPACTS

The intent is to have **minimal impacts** to private property; therefore, the new sidewalk will match the back of the existing sidewalk.

However, some temporary easements will still be needed during construction.
WHAT IS A TEMPORARY EASEMENT?

Temporary easements will allow for a working area and access as required for any driveway repairs, sprinkler/sod/landscape repairs, or other minor repair work that may be required on private property for the installation of the new sidewalk.
WHY DOES THE ROADWAY SURFACE NEED TO BE REPLACED?

The existing concrete surface is very deteriorated and in poor condition.

ACHD uses a Pavement Condition Index score to rate its roadways from 0 (very poor) – 100 (very good).

The concrete on this portion of Collister Drive is rated 24, very poor, indicating a new roadway surface is necessary.
PROJECT CONSIDERATIONS

- Accessible sidewalks and pedestrian ramps
- Pavement condition
- Property impacts
- Safety for pedestrians, bicyclists and motorists
PROJECT TIMELINE

SUMMER 2020
- Begin Design

FALL 2020
- Public Outreach

SPRING 2021
- Final design submittal & purchase temporary construction easements

SUMMER 2022
- Construction
THANK YOU!

Thank you for taking the time to review the information about the Collister Drive Maintenance and Pedestrian Project. The next step is to review the design slides and then tell us what you think.

Design Survey

While your comments are always welcome, they can be best used if received by October 19, 2020.

After the comment period closes, ACHD will review and address comments received from the public.
